1.9 Specific fair regulations

The minimum space for booking is 16m².

All companies are required to set up their stand, which must include, at a minimum, partition walls with the pavilion wall and neighboring stands, depending on the location.

In cases where only the floor space is rented (custom-designed stands), the company responsible for assembling the stand must pay IFEMA MADRID, before the assembly work begins the corresponding assembly rights fees for the services provided during the fair's assembly and dismantling period. If the exhibitor wishes to assume this fee and have it included in their invoice, they must arrange this in their EXPO ZONE.

The event management reserves the right to modify the assigned spaces or make changes to the layout of the pavilions for organizational reasons.

Without prejudice to the C&R Management informing exhibitors in the event of relocation or significant alteration of the reserved location, each exhibitor is obliged to inform himself of the location of his stand, its exact dimensions, etc.

Any exhibitor who has not paid the full fee for the space booked as well as any costs for services requested, shall not be permitted to either occupy the stand space or have the modular stand delivered.

Access will not be granted to any exhibitor or visitor who cannot prove they belong to the participating professional groups, even if they hold the relevant pass or invitation.

The exhibitor must not leave their stand unattended and must remain with the products on display throughout the entire period and opening hours of the exhibition. Non-compliance with this regulation could mean losing the right to preferential renewal of the allocated space.

The direct sale of goods is strictly forbidden.

Exhibitors authorise IFEMA MADRID to reproduce all or part of their stand and the products, services and activities carried out therein.

The exhibitor undertakes to comply with the rules and guidelines for protecting the environment.

Activities that may disturb other exhibitors are prohibited, and noise levels must not exceed 60 decibels.

Promotional activities, distribution, and display of samples, brochures, flyers, and all promotional materials must take place exclusively within each exhibitor's designated space.

If catering services are required during the C&R event, the exhibitor must fill out the "Notification for catering at stands" form available at ifema.es and send it to **catering@ifema.es**.

Exhibitors are expressly forbidden from setting up Wi-Fi access points for Internet connections or other functionalities. This measure is to avoid interference with independently installed Wi-Fi points and IFEMA MADRID's access points. Such interference could cause Wi-Fi networks to malfunction. For more information, see Article 33 of the General Regulations for Exhibitor Participation in Events Organized by IFEMA MADRID.

These Specific Regulations are complemented by the General Regulations for Exhibitor Participation in Events Organized by IFEMA MADRID, which all exhibitors accept by participating.

The withdrawal must be communicated in writing to the Event Management and will result in the loss of any amounts due at the time of notification, in accordance with the payment schedule outlined in the Application form.

If the withdrawal is communicated within 30 days prior to the event's opening, IFEMA MADRID may require full payment for the contracted space.

1.9 Specific fair regulations

GENERAL ASSEMBLY RULES

All companies must assemble their stand, which must include, at a minimum, partition walls with the pavilion wall and adjacent stands, depending on the location.

For **safety** reasons, and as a general and permanent preventive measure due to the simultaneous activities, **the wearing of protective helmets, high-visibility vests, and safety shoes is mandatory during the assembly and dismantling phases of fairs and events in all exhibition areas.**

During the assembly, no passes are required, and there are no assembly passes.

Assembly work cannot begin until the "Occupational Risk Prevention and Business Activity Coordination" protocol has been completed and sent to IFEMA. This document is available on the IFEMA MADRID website (ifema.es –Exhibitors – Participation Rules –Forms, Article 15 of the General Participation Rules for Exhibitors in Events Organized by IFEMA MADRID).

Vehicle Circulation and Parking Rules During the Event:

Parking vehicles in loading and unloading areas within the fairgrounds is expressly prohibited. Vehicles may only park in designated areas and, where applicable, pay the corresponding fee. Once the event has opened, no vehicles may circulate within the pavilions or on the avenue, except with express authorization from IFEMA MADRID (Article 14 of the General Participation Rules of IFEMA MADRID).

Installation of Recyclable Carpet in Common Areas:

In line with IFEMA MADRID's commitment to the 2030 SDGs (Sustainable Development Goals of the United Nations), as outlined in **the Sustainable Participation in Fairs and Events Guide**, and to optimize the process of installing and removing recyclable fair carpet for its subsequent reuse, goods entry and exit times must align with these processes. We appreciate your cooperation with our environmental commitment.

IFEMA MADRID carpets the aisles during the fair using standard-sized, reusable strips. Consequently, a small strip at the edge of the aisle next to the stands may remain uncarpeted. **These uncarpeted strips are part of the aisle, not the stands, and therefore exhibitors are not permitted to cover or decorate them.** We ask exhibitors to respect this decision. IFEMA MADRID staff will monitor compliance and request that any carpet invading these strips be removed. If the strip is encroached despite controls, **the space will be charged to the exhibitor as aisle space.**

Waste Management and Assembly/Exhibition Materials:

All companies participating in the assembly and dismantling of stands must manage their waste and ensure its removal within the established deadlines. IFEMA MADRID offers the option of renting containers to facilitate waste sorting and removal and will oversee the process (see prices in the Customer Portal Expo Zone, under Service Contracts, in the Cleaning and Waste Containers section).

Exhibitors forfeit any right to claim for lost or damaged materials that remain in the exhibition area after the deadline and will bear the costs for their removal, which IFEMA MADRID will invoice according to established rates (see Article 35 of the General Participation Rules for Exhibitors in Events Organized by IFEMA MADRID).
