1. How to become an exhibitor at MOTORTEC 2025?

Motortec

1.1. DATES AND TIMES OF PARTICIPATION

MOTORTEC will take place at IFEMA MADRID from **23rd to 26th April 2025**, from 10:00 to 19:00h from Friday 23rd to Sunday 25th, and on the last day from 10:00 to 16:00h.

During these hours, the stands must remain open to the visiting public and be duly manned by competent staff.

Exhibitors may enter the exhibition centre at **08:30h**. Exhibitors may remain until 30 minutes after closing time.

1.2. HOW TO BECOME AN EXHIBITOR

Space is contracted by filling in the **on-line Participation** Application form available on the fair website <https://www.ifema.es/motortec/expositores>

Receipt of this form at IFEMA MADRID is the first step required to exhibit at the fair.

The application must be accompanied by payment of the corresponding reservation fee.

All companies and public or private organisations whose activities are considered to be included in the sectors covered by the fair may apply to take part in the event.

The firmation and presentation of the Participation Application form implies full acceptance of IFEMA MADRID's Participation Regulations, as well as those specific to MOTORTEC and the generic provisions established by the Fair Organisers.

Exhibitors who have not paid in full for the space contracted and the costs of the services **requested will not be authorised to occupy the space and, where applicable, the modular stand** will not be handed over.

1.3. ALLOCATION OF SPACE

Former exhibitors

Preferential allocation to exhibitors from the last edition (2022).

Those who repeat participation from one edition to another may choose to keep their location or improve it as long as they maintain the same surface area or it does not vary downwards by more than 15%.

Deadline: Until 20 July 2024, only applications for space from former exhibitors of the 2022 edition will be awarded.

New exhibitors

From 21 July onwards, the remaining applications will be allocated in order of largest to smallest surface area.

- The Management of the fair will select the location with each exhibitor and will allocate it once it has been confirmed.
- The Show Organisers reserve the right to change stand locations for justified reasons.

- **25% increase** when the hiring of assembly rights takes place during the week prior to (7 days before) the start of the assembly, during the assembly, celebration and dismantling.

3. Co-Exhibitors

Motortec

A co-exhibitor is any company participating in the Show in the same space as the company owning the stand.

In order to have access to all the elements included in Communication and Marketing, each exhibitor must complete the Participation Application Form, which includes the Communication and Marketing concept for a fee of €545 + VAT.

(1) Companies established in Spanish territory (excluding the Canary Islands, Ceuta and Melilla): 10% VAT not included. For all other companies, this operation is not subject to Spanish VAT. In the case of companies from the European Union, the exhibitor will be responsible for the VAT which, where applicable, is due in their country of establishment.

4. Assembly rules for free-standing stands (contracting only floor)

MINIMUM SURFACE AREA FROM 32 SQM

The designs of the stands in terms of the location of their constructions as well as their decoration and advertising elements must respect the general perspective of the Exhibition and the visibility of neighbouring stands.

HEIGHT

The maximum authorised height of stands on their perimeter line is 4 m. A single element on the perimeter may be raised up to a height of 6 metres, except in the medians with neighbouring stands. In no case may the height of 6 metres be exceeded.

BLIND ENCLOSURES

Perimeter enclosures to aisles may not exceed 50% of each aisle. If blind enclosures of greater length are to be erected, they must be set back a minimum of 3 m inwards and may not exceed 80% of the length of the facade.

Any element that prevents or limits the view of the adjoining stand, whether it is formed by constructive elements or by the arrangement of decorative elements or merchandise, is considered to be an enclosure.

SIGNAGE

Signs, flags and spotlights may not protrude more than 50 cm. from the allocated space, and from a minimum height of 2.5 metres, nor exceed the maximum height of 4 m. on the perimeter. The spotlights must be directed towards the inside of the stand. If in doubt, please consult IFEMA MADRID's Trade Fair Services Department.

PACKAGING

Packaging will not be allowed to be stored inside the hall. For this service, please request information from the Exhibition secretary's office.

PROJECT APPROVAL

Companies opting for the free-design construction of their stand must send their assembly project to IFEMA MADRID's Trade Fair Services Department for approval at least one month before the start of assembly: floor plans and dimensioned front and side elevations.

The interpretation and application of the regulations for each particular case is the responsibility of IFEMA MADRID, which reserves the right to make exceptions if it deems it necessary, based on respect for the general perspective of the event and the visibility of neighbouring stands.

RECOMMENDATIONS FOR THE DESIGN AND CONSTRUCTION OF FREE-DESIGN STANDS

Consult the recommendations and updated regulations at ifema.es/support

Motortec

5. “All-inclusive” turnkey stands

Motortec

MINIMUM SURFACE AREA FROM 16 M².

Send a plan of the modular stand with the distribution of the different services and complements to the Exhibition Services Department (stecnica@ifema.es).

In the Exhibitors' Area/Contracting Services, indicate the colour of the wall, carpeting and signage according to the modular stand contracted.

If the wall colour is not indicated, the default colour will be WHITE.

1. All services or modifications that may be introduced based on these characteristics shall be at the exhibitor's expense. The elimination or substitution, by the exhibitor, of any formative element of the modular stand does not imply a reduction in the cost.
2. The distribution of all the elements that make up the stand, the extras requested, as well as the structural elements necessary for the support of the stand, shall be adapted to the needs of the exhibitor, provided that it is technically feasible and that the plan with the relevant indications is received fifteen days before the first day of the start of assembly.
3. Once the stand has been assembled, any changes to the location of all the elements that have not been communicated on the established date will be invoiced.
4. All the material used, both structural and electrical, is rented and any deterioration will be invoiced according to the current rates.

REMARKS:

- All services or modifications that may be introduced based on these characteristics shall be at the exhibitor's expense.
- The distribution of all the elements that make up the stand, the extras requested, as well as the structural elements necessary for the support of the stand, shall be adapted to the needs of the exhibitor, provided that it is technically feasible and that the plan with the relevant indications is received no more than fifteen days before the first day of the start of assembly.
- Once the stand has been set up, any changes to the location of all elements that have not been communicated by the established date shall be invoiced.
- The elimination, by the exhibitor, of any training element of the prefabricated stand does not imply a reduction in cost.
- All the material used, both structural and electrical, is rented and any deterioration will be invoiced according to the current rates.

4. Mandatory minimum services, outdoor advertising, meeting rooms, graphic decoration of stands and Specific Services of the fairs (such as exhibitor passes, etc.) are NOT included.

What is LIVE Connect?

LIVE Connect is the **digital platform** that IFEMA MADRID makes available to you **to boost your results at every trade fair and event**.

It offers exhibitors, visitors and other participants tools to achieve their objectives and improve the event experience. It also allows you to extend the timeframe and reach beyond the event, **providing unique content, networking and a professional community** for up to three months after the show.

What will you find at LIVE Connect?

As an exhibitor, you will be able to participate in the **digital event at LIVE Connect**, the ecosystem that fosters connections with other professionals, facilitates the preparation of the fair, offers exclusive content and activities and generates business opportunities.

Business and networking

Identify leads to generate business and schedule high-value meetings.

Post-fair ecosystem

Activity and visibility for 3 months after the fair: access and share content, participate in challenges and much more.

Positioning

Highlight your company and increase the visibility of your offer.

What advantages does LIVE Connect offer its participants and the MOTORTEC event?

- A platform that generates dissemination, impact, notoriety and sector branding.
- Source of sector resources and permanent on-demand knowledge.
- Global reach and market penetration beyond the visitors to the stand during the event.
- New relationship model and permanent contact between clients and suppliers from all over the world.
- Matchmaking, networking and appointment management functionalities between supply and demand to prepare and optimise participation in the on-site event.
- Grouping and aggregation of content and contacts under a single digital ecosystem.
- De-seasonalisation and permanent temporal amplitude of commercial connections.
- Optimisation of the return on investment.
- Reinforces the convening capacity and expectations of the event.

What can I do from my Exhibitor area in LIVE Connect?

- Update my company details visible in the web catalogue and in Motortec LIVE Connect.
- Add my products and services, which will be visible in Motortec LIVE Connect.
- Register users from my team to access the Motortec LIVE Connect digital event.

What can I do in the Motortec LIVE Connect digital event?

LIVE CONNECT is the digital platform that facilitates connections with other professionals and exhibitors and access to digital content.

From here I can:

- Search for contacts of interest in the professional network
- Request and accept to be contacted for chatting and videoconferences
- Request and/or accept appointments for professional meetings at my stand at the fair or by videoconference.
- Complete my professional profile as a user of the platform and my agenda of availability for meetings.
- View information on what other exhibitors have to offer.
- Consult the activities and conferences both on-site and online and enter them in my diary.
- Scan visitor badges at the fair.

12. Security

12.1. SAFETY REGULATIONS FOR ACCESS TO HALLS DURING ASSEMBLY AND DISMANTLING

For safety reasons, and as a general and permanent preventive measure due to the concurrence of activities, it has been made compulsory to wear a protective helmet, high-visibility waistcoat and safety footwear during the assembly and dismantling phases of fairs and events in all exhibition areas.

This measure affects any person accessing, passing through, carrying out activities or simply being present in pavilions or outdoor exhibition areas during assembly and dismantling tasks. **This regulation extends to assemblers, exhibitors, organisers, transporters, etc.**, who, if they do not have the necessary technical equipment, can purchase it in **Halls 6 - 8 from Exhibitor Services**.

12.2. ACCESS TO THE EXHIBITION

- In order to guarantee the professional nature of the Fair, access controls will be carried out to validate the correct reading of the passes during access to the Fair.
- Each exhibitor may request additional Exhibitor Passes **at a cost of €4.57/each. + VAT***.
- The online professional invitations will be available in the Exhibitors' Area, so that each exhibitor can send them to their clients, who must register online in order to obtain the **direct access pass to the Fair**.
- Each exhibitor will receive, depending on the allocated space, the following number of exhibitor passes and online invitations for their clients.

SPACE	EXHIBITOR PASSES	ONLINE INVITATIONS
From 16 to 50 sqm	8	300
From 50,5 to 100 sqm	18	700
From 100,5 to 220 sqm	32	1.500
More than 220.5 sqm	38	2.000

12.3. INSTALLATION OF RECYCLABLE CARPETING IN COMMON AREAS

In line with IFEMA MADRID's commitment to the 2030 SDGs (United Nations Sustainable Development Goals), as indicated in the Guide for sustainable participation in fairs and events. In order to optimise the process of installation and removal of recyclable trade fair carpeting for its subsequent reuse and consequent elimination of protective plastic at source, the times of entry and exit of goods must be adapted to these processes and will be as set out in point 15 Exhibitor Calendar.

12.4. ASSEMBLY FEES

In order to be more efficient and to be able to offer you a better service, avoiding incidences in the assemblies, **from 7 April 2025**, we will apply the surcharge for last minute contracting to the contracting of the assembly rights, as it happens with the rest of our services.

This surcharge **increases the price by 25% when the booking is made during the week prior (7 days before) to the start of the assembly**, during the assembly, celebration and dismantling.

We would like to remind you that the assembly fees apply to free design assemblies and that they can be contracted with a 5% discount if the contract is made up to 30 days before the start of the fair assembly.

To contract services, you must go through our online channel, which you can access from the following link:
<https://shop.ifema.es/s/?language=es>

13. Sustainability Culture Management at IFEMA MADRID

At IFEMA MADRID we are not only fully committed to sustainability per se, but also to achieving the sustainable development goals (hereinafter SDGs) promoted by the United Nations, which we have incorporated into our strategic corporate management policy and culture

IFEMA MADRID's sustainability policy is mainly focused on the following SDGs: 8, 9, 11, 12, 13, 16 and 17.

IFEMA MADRID'S sustainability policy is mainly based on the following SDGs: Nos. 8, 9, 11, 12, 13, 16 and 17.

ISO Standards certified by IFEMA MADRID:

- ISO 9001: Quality Management,
- ISO 20121: Event Sustainability Management.
- ISO 14001: Environmental Management,
- ISO 50001: Energy Management,
- ISO 22320: Emergencies Management.

ACTIONS TAKEN AT IFEMA MADRID TO REDUCE GAS EMISSIONS AND BE MORE ENERGY EFFICIENT:

- 100% certified electrical energy of renewable origin.
- Geothermal installation in Puerta Sur building.
- Low consumption lighting in our halls and on our modular stands.
- Controlling the temperature of our air-conditioning / HVAC systems.

IFEMA MADRID is in possession of "calculo" (I calculate) and "reduzco" (I reduce) stamps in Carbon Footprint Scopes 1 and 2.

WASTE MANAGEMENT:

• The exhibitor/assembler is the generator of the waste and shall therefore be responsible for its removal and management. How the waste generated by the exhibitor is managed is explained in article 35 of the General Rules of Participation.

• We offer our exhibitors a service that includes the removal and management of the waste they/their assemblers generate. (check our fees in Exhibitors' Area).

Carpet recycling:

IFEMA MADRID recycles 100% of the carpeting used in aisles and communal areas. To do so it has been essential to change our assembly and disassembly process, that affects the entry and removal of goods (check the corresponding item) . Furthermore, means that it has to be laid in strips instead of covering the entire surface area as was previously the case. This means we can guarantee its conversion into a new raw material for the subsequent manufacture of other products.

SUSTAINABLE MOBILITY:

IFEMA MADRID offers access to public transport close to its facilities (metro and bus), parking for electric cars with 100% renewable electricity charge points, as well as a parking area for bicycles and scooters

GUIDE TO SUSTAINABLE PARTICIPATION IN TRADE FAIRS/EVENTS:

IFEMA MADRID has published its Guide to Sustainable Participation in Trade Fairs for exhibitors on its website. We recommend you read it before starting to prepare your participation:

14. Health and safety protocols at IFEMA MADRID

Motortec

For the safety of all participants, IFEMA MADRID has developed its Contingency Plan including the action protocols corresponding to:

- **Activity.**
- **IFEMA MADRID personnel.**
- **Cleaning and disinfection.**
- **Communication.**
- **Continuity Plan.**

All the processes implemented by IFEMA MADRID have different certifications that guarantee their suitability to create a safe space for holding fairs and events:

- **Madrid Guarantee Seal.**
- **Safe Travel stamp guide WTTC (World Travel & Tourism Council).**

It has also published on its website - ifema.es - the regulations applicable to exhibitors, visitors and external operators, which must be complied with. Consult the recommendations and updated regulations at ifema.es/support.

15. Removal of waste generated

The IFEMA MADRID General Participation Regulations specify:

Article 35.- "Removal of waste and assembly and exhibition materials. In application of current legislation on urban waste, all Exhibitors, as well as the companies contracted and/or subcontracted to assemble and/or dismantle stands, are obliged to assemble, dismantle and remove the assembly, decoration and exhibition materials used, within the time periods established for this purpose.

Once the deadlines established for the removal of goods and decoration material and those specifically established for the dismantling of stands have elapsed, all materials still remaining in the exhibition areas of the hall will be considered waste materials and will be removed by IFEMA MADRID, the Exhibitor forfeiting any right to claim for loss or damage to the same, the Exhibitor being responsible for the costs related to their removal, which will be invoiced by IFEMA MADRID in accordance with the rates established in the Price List (100€/m2), for the total square metres allocated.

If the stand is not dismantled within the established period, the Exhibitor shall pay IFEMA MADRID the cost of carrying out this service in accordance with the estimate provided by IFEMA MADRID based on the work to be carried out.

IFEMA MADRID will use all the human and technical resources at its disposal to detect possible material abandonment and will apply the aforementioned article, both during assembly and dismantling.

IFEMA MADRID can hire the necessary containers at the following rates:

CONTAINER	RATE	INCLUDING
800 litres	50€/unit	Delivery and collection at the stand and waste management.
30 sqm	300€/unit	Delivery and collection at the stand and waste management.
